

# BYPASS LOGIN MIKROTIK HOTSPOT

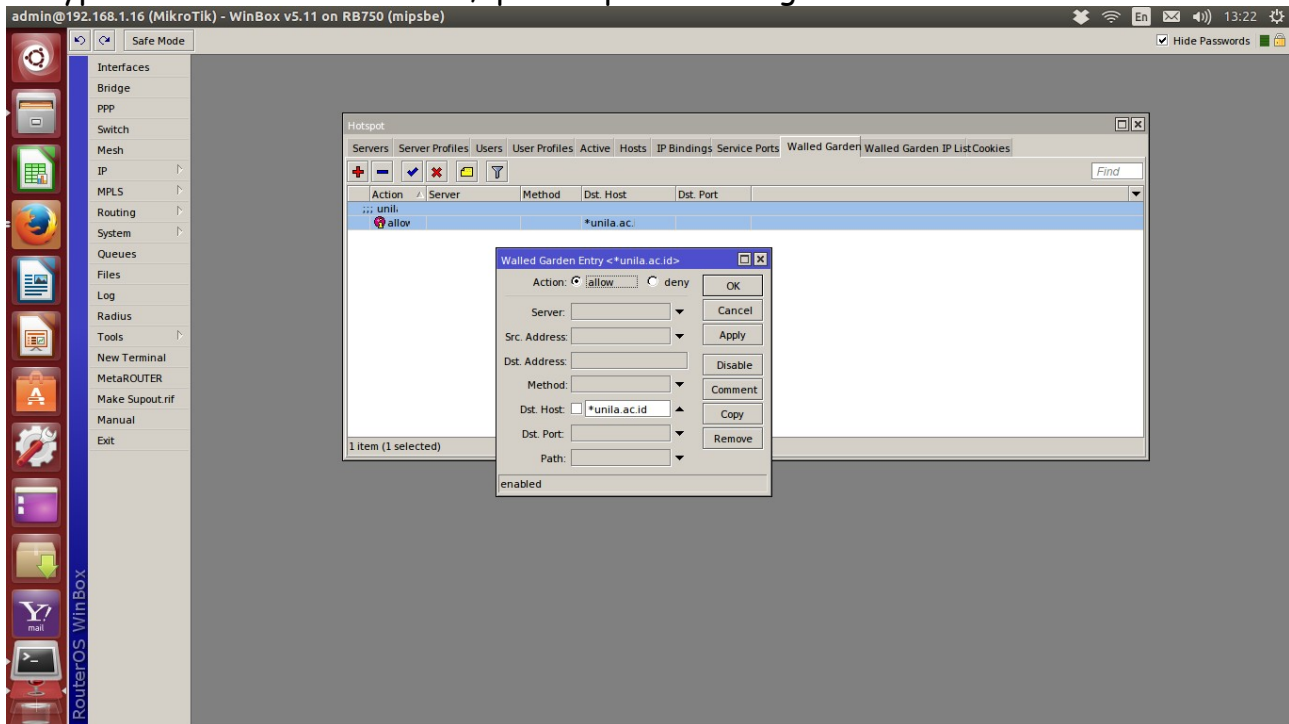

1. bypass akses internet untuk user tertentu agar tidak perlu login hotspot, ip->hotspot->ip binding.

2. bypass akses ke server lokal, ip->hotspot->walled garden ip list. (samba server(192.168.1.3/24) - mikrotik(192.168.100.1/24) - client(192.168.100.0/24)).

### 3. bypass akses ke url tertentu, ip->hotspot->walled garden.
